Dr. Emmanouil Dermitzakis

SPEAKER BIOGRAPHIES

Dr. Terrance D. Peabody, MD

Chair, Department of Orthopaedic Surgery
Professor of Orthopaedic Surgery

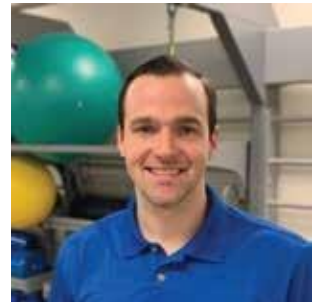

Dr. Peabody is the Edwin Warner Ryerson Professor of Orthopaedic Surgery and Chair of the Department of Orthopaedic Surgery at Northwestern University Feinberg School of Medicine. He also provides care for patients at Lurie Children's Hospital, and is a member of the Robert H. Lurie Cancer Center. He provides oversight for the educational, research and clinical missions of the Department. The Northwestern Center for Comprehensive Orthopaedic and Spine Care, including specialists in Orthopaedic Surgery, Neurological Surgery, Physiatry, Sports Medicine and Radiology opened two years ago under his guidance.

Dr. Matthew Smith PT, DPT, OCS, CSCS

Physical Therapist
Center of Comprehensive Orthopaedic and Spine Care

Matt is a Physical Therapist at Northwestern Medicine, Center of Comprehensive Orthopaedic and Spine Care. Matt completed his Doctorate of Physical Therapy from Northwestern University, Feinberg School of Medicine. This included research on the validity of clinical prediction rules to determine the ability to clinically diagnose cervical radiculopathy. Matt went on to complete his Board Certification in Orthopedic Physical Therapy through the American Physical Therapy Association, for application with the patient population treated at the CCOSC. He is currently training as a fellow in the American Academy of Orthopaedic Manual Therapists (AAOMPT) with a focus on integration of methods as well as classification of patients to improve treatment outcomes.

Susan Helfrich, MBA, RN, BSN

Program Director, International Health

Susan Helfrich serves as the Program Director for the International Patient Services Program at Northwestern Medicine in Chicago, IL. In this leadership position, Susan oversees the implementation of highly personalized and comprehensive patient services, coordinating specialized care designed to enhance each patient's comfort and experience. She has extensive leadership experience in healthcare planning, operations and administration and has worked on a number of projects including opening several outpatient centers.
